

Improve Safety and Reduce Infection Risks!
NEW! Cablejacketz™ and Clean Clamp™
Cable Management Solutions.

CableJacketz™

Made from an extremely durable vinyl coated polyester fabric which is Microbial Resistant!, Flame Resistant, Fluid, Mould and Rot proof! Cablejacketz are supplied with a 1 year warranty.

- **ORGANISES:** Saves valuable time and money by consolidating and streamlining cable management. An advantageous time saver during transport and room turnover. Heavy duty zipper design means that you can add and remove cables from the CableJacketz quickly and easily.
- **MITIGATES TRIP HAZARDS:** *Medical equipment hoses, cables and cords have been deemed one of the top three trip hazards in the hospital environment.* CableJacketz consolidates the cabling making it more visible and compact.
- **EASIER TO CLEAN AIDING INFECTION CONTROL:** Wipe down one microbial resistant and fluid repellent surface, versus cleaning multiple, cords, cables and hoses that attract dirt and dust.

5" width zips to 1.6" circumference will easily accommodate up to 5 air hoses.
