

CLEANROOM  
PERSONNEL TRAINING  
MADE EASY,  
QUANTIFIABLE  
& INTERACTIVE

**TP** TRAINING  
PORTAL

Introducing the **NEW** online  
training tool from the training  
experts.

**VIEW THE NEXT  
PAGE FOR PRICING  
AND MODULE  
INFORMATION**

The new Pharmig Training Portal gives your team access to superior online training. By watching a series of detailed videos, followed by a multiple choice assessment, they will learn a variety of essential subjects relating to their role in the cleanroom environment.

On successful completion of all chapters within the module, participants will be issued with a certificate and will then be able to apply their learnings within the working environment.

**The first module focuses on Cleaning and Disinfection of Cleanrooms**, aimed at those who are new to working in GMP cleanrooms as well as being ideal for Production Operators, Cleaners, QA, QC and Engineers.

Chapters of the first module are outlined right.

CHAPTER 1

**INTRODUCTION TO CONTAMINATION IN CLEANROOMS**

- Importance of controlling contamination in the cleanroom
- Classification limits for microorganisms & particulates

CHAPTER 2

**DISINFECTANT SELECTION, STORAGE & USAGE**

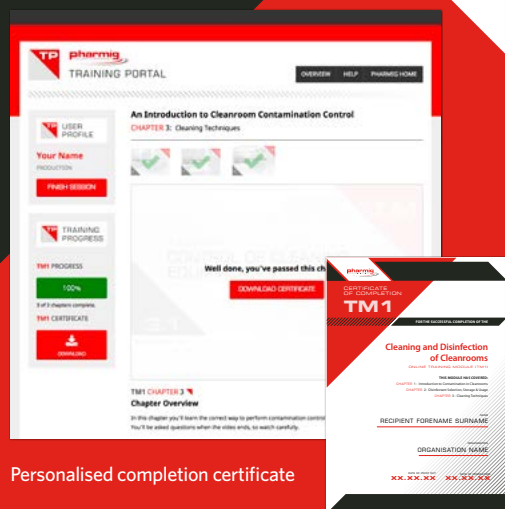

- Principles behind disinfection selection
- Control and handling of cleaning agents & disinfectants
- Preparation & storage of solutions

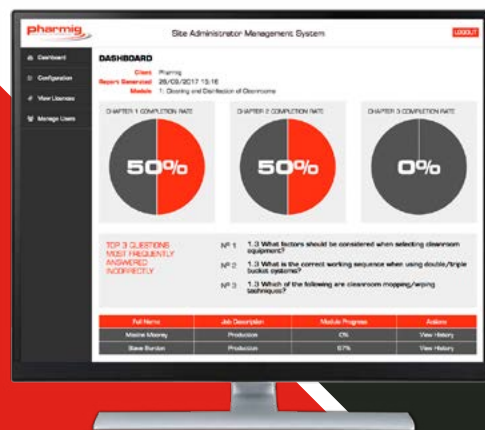

CHAPTER 3

**CLEANING TECHNIQUES**

- Control of cleaning equipment
- Cleaning prior to disinfection
- Sequence of cleaning & disinfection tasks
- Mopping techniques for large surfaces
- Wiping techniques for small surfaces
- Transfer disinfection
- Disposal of waste solutions

Personalised completion certificate

Administrators can monitor each users activity and progress
